Restrictions Applicable to this file are contained in the letter of Dwight D. Eisenhower to Franklin Floete, dated April 13, 1960. See Public Papers of the Presidents, Dwight D. Eisenhower, 1960-61, pp. 348-352.

Scope and Content Note

During the Eisenhower administration the White House staff processing incoming mail occasionally received items that were too large or bulky to be housed with the normal mail. Items that did not fit neatly into normal filing cabinets or items that took up too much room in the filing cabinets were housed elsewhere. Cross reference sheets were added to the normal file folder and the large items were sent to alternate locations.

The series contains a wide array of items withdrawn from across the White House Central Files and is grouped into four sub-series according to the originating series. White House staff sent some items to oversized storage without a file code. When the appropriate file code could be determined by the archival staff, these were placed in the Alphabetical File and No File Code sub-series. Items are arranged by the file code of the originating series. Items without a file code are arranged alphabetically.:

- General File Series
- Official File Series
- President's Personal File Series
- Alphabetical File and No File Code Series

These sub-series are followed by three additional sub-series consisting of documents too large for the traditional boxes. These were withdrawn to more appropriate housing. Please refer to the related file folders in the first four series for more complete information on these items.

- Large Items Withdrawn to Boxes
- Large Items Withdrawn to Oversized Document Cabinet
- Large Items Wrapped Around Tubes

NOTE: White House staff filed oversized materials or documents received in large volumes in several series within the White House Central Files. Occasionally correspondence in this series will refer to materials not included in these files. In some cases, such as large volumes of birthday greetings, only a representative sample of documents were retained by the White House staff. Additional White House Central Files series with similar kinds of documents are:

- Bulk Mail
- Room 98 Files
- Legal Size Case
