

## “ABILENA”

Abilene has probably been more extensively advertised during the last eight years by “Abilena”, the famous cathartic water, than by any other one source. The Abilena Company is sole owner and distributor of this water. They have fortunately in Abilena, America’s only Natural Cathartic Water, the ideal eliminant. It is the world’s truest representative of the pure and true sodium sulphate group. Ninety –five percent of its total solids are represented by this salt, and fortunately it has no useless or injurious matter. The water is pumped from wells which are drilled into the only known deposit of true and pure sodium sulphate in the United States. It is not only a perfect cathartic agent, but is also a pronounced diuretic, assisting the kidneys in their important function. The members of this firm are Frank M. Gier, M.D., President; Mr. J.L. Kruger, Vice President, and Mr. P.H. Halleck, Secretary and Treasurer.
