Dear Mr. Castle:

Thank you very much for your kindness in accompanying Mrs. Eisenhower and me yesterday on our tour of the Eisenhower Lock and the Reservoir. I congratulate you and your associates heartily on the near completion of a project that will prove, I am certain, of inestimable value to the people of the entire Great Lakes Region.

I am grateful, too, for your kindness in giving me a plaque containing a replica of the legend the Lock bears. Eventually I shall send the plaque to the Eisenhower Museum in Abilene, where it will prove of special interest, I am sure, to the visitors that come from the area surrounding the St. Lawrence Seaway.
